INTRODUCTION

R. L. Polk & Co., of New England, herewith present to its patrons the 1926-27 edition of their Mansfield, Foxboro, Norton and Raynham Directory. The work embodies all available and vital data relating to the civic, commercial, financial, social and industrial interests and activities of the municipalities, and the publishers add their assurance that the work s complete in all its parts.

The publishers enjoy the prestige and advantage of a complete organization and thorough system essential in the production of Directories, and the additional advantage of having the courteous co-operation of citizens in furnishing information. These factors, added to the liberal support of patrons as shown by the advertisements displayed upon the tinted pages, were vital to the success of the publication.

The several essential departments of the volume are arranged in the following order:

THE MISCELLANEOUS DEPARTMENT, pages 9 to 30, includes data concerning city and county officials, public and private institutions, cemeteries, churches, clubs schools, secret and benevolent societies, etc

THE BUYERS' GUIDE occupies pages 31 to 50. This section of the Dierctory, printed on tinted paper, includes numerous advertisements of the leading manufacturing, business and professional interests of Mansfield, Foxboro, Norton and Raynham. They have been carefully grouped by departments and are indexed under classified headings and otherwise in various parts of the Directory.

THE ALPHABETICAL LIST OF NAMES commencing at page 51 contains the names of all business firms and corporations, and the inhabitants of Mansfield, Foxboro, Norton and Raynham over a certain age, together with the occupations and address of each individual.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 261 to 302, and shows the various manufacturing, mercantile and professional occupations in the county, compiled under headings appropriate to the class of business pursued. This department will be appreciated as a special trade Directory. The Directory is the common intermediary between buyer and seller.

The Association of North American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employes.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

All members of this association have subscribed to the following

STANDARDS OF PRACTICE

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising. to be charged for at regular rates.
4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers as well as on the number of copies circulated.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.

$100.00 REWARD will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or "fake" Directory.
